Redistricting Rules & Goals

Federal Law

- Equal Population
- Federal Voting Rights Act
- No Racial Gerrymandering

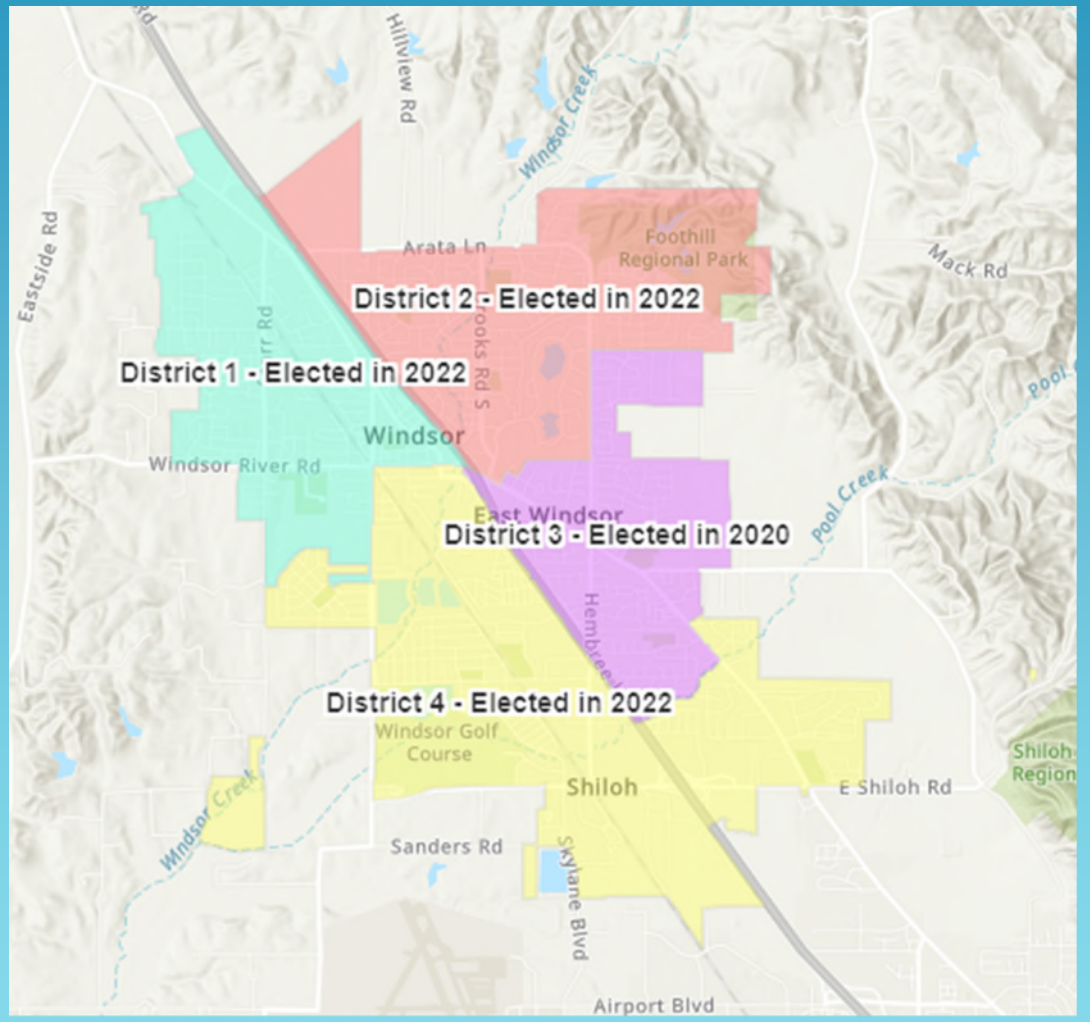

California Criteria for Cities

- Geographically contiguous
- Geographic integrity of a local neighborhood, communities of interest
- Easily identifiable and understandable – use of local landmarks/boundary lines
- Geographically compact

Other traditional principles

- Minimize voters shifted to different election years
- Respect voters' choices / continuity in office
- Future population growth
- Preserving the core of existing districts

EXISTING DISTRICTS

Existing District Boundaries with 2020 Census Data

4	7344	749.5	11.37%	2018	4607	3354	68	783	3851	56	248	56	15

Total Population: 26,378 • **Ideal Population:** 6594.2 **Total Deviation:** 18.72%

CVAP = Citizen Voting Age Population * NL = Non-Latino * AIAN = American Indian Alaskan Native

Findings

- Total Deviation is above the 10% “acceptable” range at 18.72%
- Creating a majority/minority voting district may not be possible based on demographic makeup of the community
- Current district boundaries must be adjusted for population balance
