GREEN HALLOWEEN PARTY 2024 Recap

The 1st Annual Green Halloween Party showcased how fun it is to throw a sustainable, zero-waste event!

- 10 volunteers and 70 participants engaged
- 3 local businesses and 5 local organizations represented
- costumes, decor, and plants exchanged while creativity blossomed at the repurposed crafts corner

We estimate having diverted 125 pounds of worth of costumes, decor, crafting materials, and organic material (including pumpkin carvings, snack ware, and plants) from the landfill!

A big thank you to all who participated in and contributed to this awesome event.
See you next year!
