WINDSOR WATER DISTRICT
WATER PERMIT APPLICATION

PART C – CERTIFICATION STATEMENT

This document must be signed by a party of Section A of this application and the most responsible person of the organization applying for the water permit. This includes the owner, president, corporate officer, or any other representative of the organization in a decision-making capacity. The person signing this document is responsible for all information contained herein and becomes the responsible party for future enforcement actions.

The Windsor Water District may monitor water use and inspect the premises to verify information contained in this application. If the intended water use or type of use changes, this application must be updated with the Windsor Water District and the Windsor Water District may curtail or disconnect service at the discretion of the District Engineer. Water use must be in accordance with the Code of the Windsor Water District.

I attest that I have read and accept the above statement of Part C and that this application and all attachments are accurate and complete.
