Lap Lane Guidelines

Lap lanes are designated exclusively for lap swimmers. Lanes operate on a first-come, first-served basis, and each lane must be shared by two swimmers. During the designated 1/2 Lap Swim 1/2 Open Swim period, half of the pool will be allocated for Open Swim while the other half will feature two lap lanes. If no swimmers are using the lap lanes within the first 30 minutes of the allotted time, they will be opened up for general use, transitioning the entire pool to Open Swim.

Age Requirements

Participants age 50+ are eligible to participate in the WSRC Senior Aquatic Programs. There are no residency requirements. Participants between the age of 18 - 49 may attend the WSRC Senior Aquatic Programs by submitting a prescription from their physician which recommends that the use of a therapeutic pool is beneficial to their health. A new prescription must be turned in at the beginning of each pool season.

Grandchildren

Grandchildren 16 years and younger are welcome to attend with their grandparent the first hour of each Senior Open Swim session. Swim diapers are required for children not yet toilet-trained. Grandparents must be in the pool and within arms length of children who cannot swim independently.

Brooks Creek Residents

A Brooks Creek Resident encompasses individuals who own, rent or caregiver in a home within the Brooks Creek Subdivision. These households contribute an annual tax assessment, which helps fund the maintenance of the WSRC facility. The TOW Town Council has approved complimentary access for Brooks Creek Residents to Lap Swim or Open Swim sessions. However, fees will apply for other activities. Additionally, relatives, caregivers, and guests are welcome to join at no cost, provided they are accompanied by and participate in the water with the Brooks Creek Resident. Guests must be 50+ or 16 years or younger (ages 17-49 are not allowed as guests).
